June 3, 2010

Dear St. Nick's Christmas Tree Lighting Service:

The Gardena Valley Chamber of Commerce has enjoyed a three year association with St. Nick's Christmas Tree Lighting Service. My initial contact with your company was in 2007. Our plan was to organize a community Christmas Tree Lighting Event that was sponsored by our organization, and I was the organizer for this event.

The estimate and bidding process was seamless, and the execution of the plan was exactly as described! This has been consistent over the three years that we have provided this program in our city. There has been no deviation in any aspect of our business relationship, a trait I am pleased to say, is very rare.

St. Nick's Tree Lighting Service has provided excellent service, consistently, for 'The Gardena Valley Chamber of Commerce'. I must also state that there has always been communication with the representatives in a consistent, timely manner. When times were arranged, they were there and I cannot emphasize how much I appreciate that about their company. I have been the Chairperson for this event since inception so my association is an intimate one!

I can be certain that you will be very satisfied with the entire business relationship you will have with St. Nick's Christmas Tree Lighting Service. Please contact us if you have any questions, we would be glad for the inquiry.

Sincerely,

Sara Colamonico
Chairperson for Christmas Tree Lighting
Gardena Valley Chamber of Commerce
